real MLS

Your Market Stats on Your Website

WHY

Creative solution

realMLS and Domus Analytics have teamed up to enable you to share the most accurate, timely information directly with your customers on your own website or marketing channel of your choice.

Share & engage

Meant to answer quick questions, and ultimately drive clients to YOU for more detailed information. Use on websites, social media and blogs to generate interest and engagement.

Simple & Automatic

Updates automatically each month.

HOW

1. Copy the code below.
2. Navigate to the page in which you want to embed the new iframe.
3. Navigate to your HTML Editor, and paste your code where you would like it to appear on your page.
4. Save and view your result.

```
<iframe src= "https://dashboards.domusanalytics.com/v/realMLSSnapshot452"></iframe>
```

If you are unsure of this process give this code to your web master.
