

PRINT A LIST OF SEARCH RESULTS

Step 1

Enter your desired search criteria, then click *Print*.

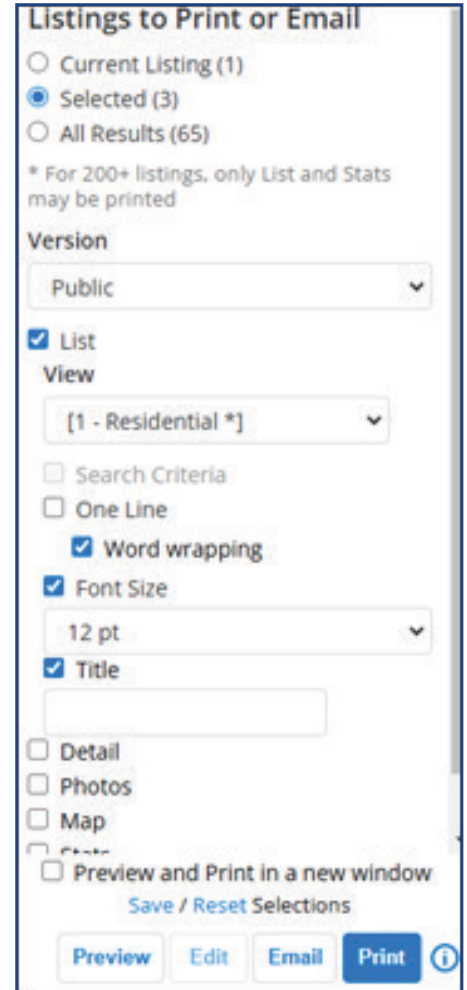

Step 2

On the print screen, select the group of listings you want to print: *Current*, *Selected* or *All Results*. For customer-facing prints, ensure the version is set to *Public*.

Step 3

Check the box next to *List* to print a list of listings with thumbnails. If you prefer a condensed, one-line list without thumbnails, select the *One Line* option underneath. Click *Preview* at any time to review your selection.

Step 4

Choose any additional options you'd like to include, such as the full Detail report, photos, maps and more. Selecting *Detail* allows you to add extra information, including documents and open houses.
